

## **Catch-up meeting 02.03.2023**

- The UML was presented and explained to everyone.
- The group had a discussion on what basic functionalities the application needs.
- We finalized the project name and slogan, "EVENTuality - Let's make it happen"
- we then briefly discussed the tables that the database is going to contain:
  - Student
  - Lecturer
  - Staff
  - Event
  - Location
  - Caterers
